§126.0504 Findings for Site Development Permit Approval

A Site Development Permit may be approved or conditionally approved only if the decision maker makes all of the *findings* in Section 126.0504(a) and the supplemental *findings* in Section 126.0504(b) through (l) that are applicable to the proposed *development* as specified in this section.

(a) Findings for all Site Development Permits

- (1) The proposed *development* will not adversely affect the applicable *land use plan*;
- (2) The proposed *development* will not be detrimental to the public health, safety, and welfare; and
- (3) The proposed *development* will comply with the applicable regulations of the Land Development Code.

(b) Supplemental Findings--Environmentally Sensitive Lands

A Site Development Permit required in accordance with Section 143.0110 because of potential impacts to *environmentally sensitive lands* may be approved or conditionally approved only if the decision maker makes the following supplemental *findings* in addition to the *findings* in Section 126.0504(a):

- (3) The denial of the proposed *development* would result in economic hardship to the owner. For purposes of this finding, “economic hardship” means there is no reasonable beneficial use of a property and it is not feasible to derive a reasonable economic return from the property.

(j) Supplemental Findings--Clairemont Mesa Height Limit

A Site Development Permit required in accordance with Section 132.1306 because an exception from the Clairemont Mesa height limit is requested may be approved or conditionally approved only if the decision maker makes the following supplemental *findings* in addition to the *findings* in Section 126.0504(a):

- (1) The granting of an exception will not significantly interfere with public views from western Clairemont Mesa to Mission Bay and the Pacific Ocean within the surrounding area; and
- (2) The granting of an exception is appropriate because there are existing *structures* over 30 feet in height and the proposed *development* will be compatible with surrounding one, two, or three-story *structures*; or the granting of an exception is appropriate because there are topographic constraints peculiar to the land; or the granting of the exception is needed to permit roofline and facade variations, accents, tower elements, and other similar elements and the elements will not increase the *floor* area of the *structure*.

(k) Supplemental Findings--Mobilehome Park Discontinuance

A Site Development Permit required in accordance with Section 132.0702 because a discontinuance of a *mobilehome park* is proposed may be approved or conditionally approved only if the decision maker makes the following supplemental *findings* in addition to the *findings* in Section 126.0504(a):

- (1) The discontinuance of use of the land for a *mobilehome park* or *mobilehome* spaces will not deprive the community of a needed facility;
- (2) The discontinuance of use of the land for a *mobilehome park* or *mobilehome* spaces, because of the associated relocation plan and conditions that have been applied to the discontinuance, will not be

detrimental to the public health, safety, and welfare of persons living in the *mobilehome park*; and

- (3) The use to which the *applicant* proposes to put the property will provide a greater public benefit than continued use of the property as a *mobilehome park* or *mobilehome* spaces.

(l) Supplemental Findings--Deviation for Affordable Housing

A *development* that requires a Site Development Permit in accordance with Section 143.0750 because the *applicant* has requested a deviation from the applicable development regulations as an additional incentive to a *density* bonus for providing affordable housing may be approved or conditionally approved only if the decision maker makes the following supplemental *findings* in addition to the *findings* in Section 126.0504(a):

- (1) The proposed *development* will materially assist in accomplishing the goal of providing affordable housing opportunities in economically balanced communities throughout the City;
- (2) The *development* will not be inconsistent with the purpose of the underlying zone.
- (3) The deviation is necessary to make it economically feasible for the *applicant* to utilize an *density* bonus authorized for the *development* pursuant to Section 143.0730.
